

Designed to work well as a mountain retreat or detached in-law unit, the Lake View offers many conveniences normally found in larger homes. The den can be easily converted into a second bedroom, while space for a closet can be taken from the large laundry room or an armoire can be used. This plan also features a large kitchen and compartmentalized bathroom.

Lake View
 972 sq. ft. living space
 1+ bedroom, 1 bath
 8 ft. ceilings
 12 sq. ft. covered porch
